Pans & Lids (See back page)

Weights/Dimensions. etc. for all Accessories are on back page

(Foods should be fully cooked and already hot before being placed on Warming Trays or in Buffet Servers, Buffet Carts, or Warming Cabinets, which are designed for keep-warm function only. Our Buffet Server chafing pans (pans only, not the lids) may be used to cook/ heat foods to serving temperature in an oven, and then covered and transferred to the warming appliance for keep-warm.)
